Thomas Feldman

407 Main St. ● Germantown, IL 62245 ● Email: tfeldman1.31@gmail.com ● Phone: 618-709-1328

Education

Southern Illinois University Edwardsville (SIUE)   Edwardsville, IL

Bachelor of Science in Political Science   December 2018
Minor: Criminal Justice

Bachelor of Arts in Philosophy   May 2019

Relevant Experience

- Graduated from LaunchCode's LC101 Bootcamp. Built programs in Python and Java that ranged from a simple coding application to a website which incorporated MVC design principles and included both front end and back end functionality.

- Completed the Web Design Certification from FreeCodeCamp. This was my first introduction into HTML5 and CSS. The course work included several simple design projects which can be found on https://codepen.io/ThomasFeldman/pens/public

- Aided my Political Science Professor in building and delivering an R-Package on CRAN. My POLS 300 class gave us an introduction into the R programing language. I was very interested in learning more so I asked my professor if I could help him with the development of his Frequency Distribution package that he was working on. This was a very rewarding experience and our R-Package can be found at https://cran.r-project.org/web/packages/freqdist/index.html

Skills

Programming/Web Development

- Design: Worked with HTML5 and CSS
- Back-End: Programmed in R, Python, Java, and SQL
- Front-End.: Used Spring MVC to make a functional website, which included User Login, basic CRUD functionality, and Bootstrap injection.
- GIT/Version Control: Used Git Bash to push/pull my projects to my GitHub, also used my IDE to push/pull to my GitHub.
- Editors/IDEs: Worked in several editors and IDEs including Visual Studio Code, IntelliJ, Eclipse, PyCharm, Notepad++
- Team Communication: Collaborated with classmates and instructors via Slack, Skype for Business, and Bomgar

General Computer Skills

- Microsoft Office (Word, Excel, PowerPoint, Outlook)
- Google Docs, Sheets
- Adobe Photoshop
- GIMP

Employment History

Woodworker   September 2019-Present
Refab   St. Louis, MO
- Crafted butcherblock countertops and cutting boards, learned how to work several woodworking power-tools, and plan very detailed projects. Teamwork was very important in this role as a lack of communication could lead to injury.

Bartender   May 2019-Present
The Alibi   Germantown, IL
- Was responsible for serving drinks, managing money, and talking with clients.

Associate Wealth Representative   August 2018-August 2019
Northwestern Mutual Life Insurance Co.   Clayton, MO
- Worked with expert financial planners to create financial plans for families based on their unique situations, learned about financial optimization, data entry, and financial analysis.

URCA Assistant   August 2017-April 2019
SIUE   Edwardsville, IL
- Worked closely with professor on the fundamental problems of set theoretic logic, with extensions into math, classical physics, and quantum physics

Musician   May 2006-Present
Various Local Establishments   Clinton County, IL
- Worked as a part of a team with five other musicians. Had to communicate effectively and think quickly to solve any problems with equipment or the environment.
